

About e-Registry

Welcome to the e-Registry.

e-Registry is a 24-hour portal developed by the Companies Registry to facilitate electronic submission, anytime and anywhere, of applications for incorporation of local companies, applications for registration of non-Hong Kong companies, specified forms and related documents under the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) and the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Chapter 32 of the Laws of Hong Kong) to the Registrar of Companies for registration.

To provide our customers with a convenient and integrated service, the e-Registry also serves as a one-stop platform for company and business registration whereby any online application for incorporation of a local company or application for registration of a non-Hong Kong company will be deemed to be an application for business registration simultaneously. Moreover, upon submission of a Notice of Change of Address of Registered Office (e-Form NR1), an optional electronic one-stop notification service is also available for a local company to report the change of registered office address also as a change of business address to the Inland Revenue Department.

Registered users can submit specified forms and documents individually or in bulk through the e-Registry. Companies can also deliver amended documents for rectifying the typographical or clerical errors contained in documents already registered with the Companies Registry.

You can [click here](#) to view the requirements for documents delivered to the Registrar of Companies for registration in electronic form.
